There is a new line of My Little Pony plush toys arriving this spring!

4th Dimension Entertainment is proud to announce, under license from Hasbro, Inc., a new line of highly-detailed collectible plush toys based on the My Little Pony: Friendship is Magic animated series, created by Hasbro Studios and currently airing on the HUB TV Network in the US.

“TWILIGHT SPARKLE, being a central figure and initial voice of the show, felt natural as the first of the line to be released as a special preview of what is to come. She stands about 11 inches tall from head to hoof, and is made of a soft and colorful microfiber fabric. Her eyes, mouth and other features are added using detailed embroidery. From her vibrant violet and magenta mane and light lavender body, her endearing smile and adorable cutie mark, this huggable TWILIGHT SPARKLE is ready to make new friends to cuddle with!"

Following the release of TWILIGHT SPARKLE will be the release of FLUTTERSHY and PINKIE PIE who, along with TWILIGHT SPARKLE, will complete the first wave for the series.

The second wave, which will follow soon after the first release, will complete the six members of the main cast, including APPLEJACK, RARITY, and RAINBOW DASH.

“The plush in the first and second assortments will be available for purchase at your local comic book retailer, at various tradeshows and conventions, as well as online at 4de.com. Prepare for the first of the line to go on sale in June, and to be the perfect gift for the My Little Pony fan in your life!
